Partnership on networking

Dear *Dr. Bongalos*,

Greetings!

The Negros Oriental/Siquijor Pharmacists Association will be launching programs to the constituents of Negros Oriental. We will be giving vitamins to school children of Cangohob Elementary School, Mabinay on Sept. 23, 2019.

In this regard, we would like to ask permission from your good office to allow us to launch our program on the said elementary school.

Thank you.

Respectfully yours,

MA. ENRELITA B. LAGAHIT
President

Schools Governance & Operations Division

Dear Superintendent Bongalos,

As part of our joint project with the Provincial Government of Negros Oriental, '**Assisting Community Eye Health Program in Negros Oriental**,' we would like to request trained Department of Education nurses from Negros Oriental Division, to join us and facilitate a **school vision screening** scheduled on **23 September 2019**, in **Mabinay, Negros Oriental**.

The Fred Hollows Foundation is an international development organization working towards prevention of avoidable visual impairment and blindness in around 25 countries, including the Philippines. The Community Eye Health Program of the Department of Health, aims to reduce the prevalence of visual impairment and blindness by ensuring that all communities and schools of Negros Oriental and neighbor provinces are accessing and receiving quality eye care at appropriate levels of the health care delivery system.

Through this vision screening, we aim to capture school children and youth who belong to Indigenous People communities and who are in need of eye health services, so we can refer them for appropriate support and treatment.

The Fred Hollows Foundation shall cover all costs related to the screening. We hope for your support and approval of their travel order for this purpose.

For coordination and more information, please feel free to contact me - 0917-354-7303. Thank you.

Very truly yours,

Frances Faye U. Fernando
Program Office
