DIVISION MEMORANDUM

No. 392, s. 2019

TO: The Designated District Child Protection Coordinators (please see attached list)
The Designated School Child Protection Coordinators
All others concerned

SUBJECT: Roll-out of the Orientation and Simulation of the Gender and Development Online Reporting System (GADORS) by the District Child Protection Coordinators to the School Child Protection Coordinators

After the Re-Orientation and Simulation of GADORS to the District Child Protection Coordinators on July 5, 2019, the District Child Protection Coordinators are directed to **conduct the roll-out of the system to the School Child Protection Coordinators** within their districts at anytime from **July 15, 2019 to July 31, 2019**. All district and school coordinators must **bring their laptops and extension wires** for the rollout. Moreover, the **venue must have a strong internet connection** so that the simulation will be smooth and fast.

The ICT Unit will provide the District Child Protection Coordinators a video and user's manual that they can use during the roll out. The ICT Unit will also share a sample training matrix for their guidance.

During the rollout, the users' account of all school coordinators should be created by the district coordinators. User's account of the district and school coordinators should not be dummy accounts as this will already be the account they will be using in its full implementation. However, the data entered per report during the simulation will still be test data.

All district coordinators should inform the Legal Unit that they have already conducted the Roll-out for our monitoring.

On August 1, 2019, the ICT Unit will **wipe out** all the dummy data entered during the simulation in order to prepare the system for the actual use of the Online Reporting System for the following reports: **Child Abuse, Bullying, Children in Conflict with the Law, Child-At-Risk, and Sexual Harassment**.

After the wipe out, what will remain is the user's account of the district and the school coordinators. The system is then ready for full implementation. Hence, the school coordinators can already start inputting actual data within their school for reporting purposes.

All necessary expenses for the rollout are chargeable against the school GAD fund/MOOE, subject to the usual accounting and auditing rules and regulations.

For the information, guidance and compliance of all concerned.

WILFREDA D. BONGALOS, Ph. D. CESO V
