08 JUL 2019

Dear Supt. Bongalos,

The Province of Negros Oriental was declared Filariasis-Free last October 2014 after the National Filariasis Elimination Program evaluation through Transmission Assessment Survey (TAS) Round 1 following the decreased microfilarial rate to absence of new case in the past 5 years. As part of the sustenance and monitoring of Global Programme to Eliminate Lymphatic Filariasis (GPELF), Transmission Assessment Survey Round 3 shall be conducted 2 years after the TAS Round 2 was done last 2017 among elementary school students.

Hence, the Department of Health Central Visayas Center for Health Development in partnership with the Department of Education will conduct the *Transmission Assessment Survey Round 3 for Selected Grade I and Grade II School Learners for the Province of Negros Oriental on 27 to 30 August and 03 to 06 September 2019*. With this, we would like to request the *Health and Nutrition Staff* to facilitate the information dissemination and to assist during the actual survey in the public elementary schools involved. In addition, we would like to invite them to the *Post-implementation Meeting on 06 September 2019 at 12:00 noon* in a hotel venue in Dumaguete City, Negros Oriental. *(Please see attached List of Schools Involved for TAS Round 3)*. Stipend will be given chargeable against 2019 PHM Chief/HSO.

For any inquiries and concerns, please coordinate with *Ms. Ma. Michelle P. Acosta, Senior Health Program Officer*, through tel. nos. (032) 254 4387 or 0923 1416 757 or email address [mumichelleacosta\\_doh@yahoo.com](mailto:mumichelleacosta_doh@yahoo.com).

We are optimistic in eliminating vector-borne diseases as public health threats through our integrated approach.

Very truly yours,

  
Jaime S. Bernadas, MD, MGM, CESO III
