"EFA 2015: Karapatan ng Lahat, Panunagutan ng Lahat"

Republic of the Philippines
REGION VII

COMMISSION ON POPULATION AND DEVELOPMENT
Empowering Filipino Families

January 29, 2019

DR. JULIET A. JERUTA
Regional Director
Department of Education VII
Sudlon, Lahug, Cebu City

Dear Dr. Jeruta:

The Commission on Population and Development (POPCOM) Adolescent Health and Development (AHD) program addresses issues related to adolescent and youth sexuality and reproductive health, including too early pregnancy. It aims to provide adolescents and youth with appropriate information and life skills to enable them to cope with issues related to their sexual and full development into adulthood.

The Commission on Population Regional Population Office 7 (POPCOM 7) fully supports the development of the youth and their significant role in the society. It is a fact that the young people of today will shape the world for decades to come. To change the world for the better is to invest in the growth and strength of our youth.

Reaching out to the new generation to address the adolescent and development issues has become easier with the advent of new technology. According to the results of the 2013 Young Adult Fertility and Sexuality Study, Filipino youth especially in Region 7 are digitally wired, now more than ever, with the majority having at least one cellular phone, internet and social media accounts.

As an initiative to strengthen the youth advocacy, POPCOM 7 will hold its 5th Interschool Adolescent Health and Development Film Festival. Public and private high schools in the region are invited to join the workshop which is a prerequisite of the contest. Interested schools may send their confirmation to popcom_7@yahoo.com.ph or fax to (032) 236-4963.

The schedule of the workshop will be on:
February 14 – Cebu Province
February 28 – Negros Oriental and Siquijor
March 7 – Bohol Province

*Specific venues of the 3 workshops will be posted online on our official Facebook account: POPCOM VII and will be emailed to schools with confirmation.

In line with the abovementioned activity, we would like to request for your support and assistance in the dissemination of our event by encouraging the schools in the region to participate in the film festival. Should you have any questions, please do not hesitate to call Mr. Leo Fernandez at (032) 236-4963 or at 416-2559.

Thank you for your unwavering support to the young people and to our youth program. More power!

Sincerely,

ATTY. BRUCE N. RAGAS
Regional Director

COMMISSION ON POPULATION - REGION VII
Empowering Filipino Families

January 17, 2019

DR. JULIET A. JERUTA, PhD
Regional Director
Department of Education
Sudlon, Lahug, Cebu City

Dear Dr. Jeruta:

The Commission on Population's Adolescent Health and Development (AHD) program addresses issues related to adolescent and youth sexuality and reproductive health, including too early pregnancy. It aims to provide adolescents and youth with appropriate information and life skills to enable them to cope with issues related to their sexual and full development into adulthood.

The Commission on Population Regional Population Office 7 (POPCOM 7) fully supports the development of the youth and their significant role in the society. It is a fact that the young people of today will shape the world for decades to come. To change the world for the better is to invest in the growth and strength of our youth.

In 2013, there were 19.2 million youth in the Philippines. The youth aged 15 to 19 years old has a population count of 10.2 million and 9 million for youth aged 20 to 24 years old.

Today, it is important to involve the young people as they represent the present and future of our world. It is also necessary that their voices be heard and that programs for the benefit of the youth are being prioritized by different youth stakeholders. Additionally, access to accurate information and education are vital tools for young people's growth and success.

Reaching out to the new generation to address the adolescent and development issues has become easier with the advent of new technology. According to the results of the 2013 Young Adult Fertility and Sexuality Study, Filipino youth especially in Region 7 are digitally wired, now more than ever, with the majority having at least one cellular phone, Internet and social media accounts.

As an initiative to strengthen the youth advocacy, POPCOM 7 will hold an Interschool Adolescent Health and Development Film Festival. Public and private high schools in the region are invited to join and submit script entries to popcomregion7@gmail.com or fax to (032) 236-4963. The winning script will be produced into a short film and will be the region's entry to the national competition. Kindly see enclosed guidelines.

In line with the abovementioned activity, we would like to request for your support and assistance in the dissemination of our event by encouraging the schools in the region to
