THRU: Ms. Rosela Abiera
LRMDS, Curriculum Implementation Division

Dear Ms. Bongalos / Ms. Abiera:

Greetings from the Foundation for Media Alternatives (FMA)!

The Foundation for Media Alternatives (FMA) is a non-governmental organization founded in 1987 that seeks to democratize information and communication systems and resources for citizens and communities. Since 1997, our organization has focused on the area of ICTs for development and human rights.

Beginning this year, FMA in partnership with Strategic Partnerships - Silliman University, Internet Society-Philippines Chapter and the Department of Information and Communications Technology, will be holding a series of internet governance symposium across the country. The third multistakeholder symposium on Internet Governance will be held on **February 22, 2019 at Silliman University**.

The Internet Governance Symposium aims to (1) promote a deeper understanding and appreciation of Internet Governance by local communities through a multistakeholder approach; (2) bring people together from different sectors as equals, in facilitating the exchange of information and best practices, and in this regard make full use of the expertise of the academic, civil society, government and technical communities at the local level; (3) discuss emerging issues and concerns, and public policy issues relating to the Internet and bring those issues and concerns to the attention of the relevant bodies and the general public, and, where appropriate, make recommendations.

Address:
Unit 203

In this regard, we are pleased to invite you as our resource speaker for a 10-minute presentation/talk on **Adoption of ICTs in the Philippine Educational Institution**. The topic will focus on adaptation technological advances in educational system and will provide insights about the challenges and role of the stakeholders in order to fulfill the technology gaps among the teachers and students. The expertise and experience of the representative in this topic will be an excellent addition to our programme as many of our participants will look forward to listen and learn from your work.

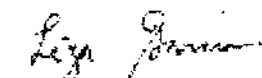

We will follow up with your office, but please do not hesitate to contact Ms. Christina Lupez thru her mobile number +63 908 149 7606 for confirmation or any further queries.
