**SUBJECT: INVITATION FOR MR. FELIX MOSQUEDA TO THE VOICE PHILIPPINES  
VISAYAS AND MINDANAO COMMUNITIES OF STAKEHOLDER LINKING AND  
LEARNING EVENT**

Dear Dr. Bongalos:

Greetings and happy pride month!

We are YGOAL Incorporated, the linking and learning organization for the Voice Programme in the Philippines. Voice is an innovative grant facility that supports the most marginalised and discriminated people in ten low- and lower-middle income countries in Africa and Asia. It aims to amplify and connect thus far unheard voices in efforts to leave no one behind. Voice is an initiative of and financed by the Ministry of Foreign Affairs of the Netherlands as part of their overall policy framework 'Dialogue and Dissent' and is executed by a consortium between Oxfam Novib and Hivos.

At the heart and soul of the Voice programme is linking and learning as it puts premium to the learning experiences and provides platforms for grantees, target beneficiaries and other stakeholders to share insights and learn from others. Voice targets 5 rights holder groups namely (1) indigenous groups and ethnic minorities, (2) age-discriminated vulnerable groups, notably the young and the elderly, (3) lesbian, gay, bisexual, transgender and intersex (LGBTI) people, (4) people living with disabilities and (5) women facing exploitation, abuse and/or violence.

One of the components of linking and learning is the Communities of Stakeholders or the CoS. The CoS is a co-created space that aspires to enable target groups and their organizations and networks to meet with other local actors. We are pilot-testing the CoS for Visayas and Mindanao this **Saturday, July 6, 2019 from 8:00 AM - 5:00 PM, final venue to be announced but definitely within the Metro Cebu area.** And as one of the highly supportive partner, we would like to invite Mr. Felix Mosqueda to this event. More details are in the attached brief.

We look forward to hearing from you soon and here's to hoping that this is the start of a strong community of advocates fighting for all voices and ensuring that indeed, no one is left behind.

## **On the Voice Programme**

**Voice** is an innovative grant facility that supports the most marginalised and discriminated people in ten low- and lower-middle income countries in Africa and Asia. It aims to amplify and connect thus far unheard voices in efforts to leave no one behind. Voice is an initiative of and financed by the Ministry of Foreign Affairs of the Netherlands as part of their overall policy framework 'Dialogue and Dissent' and is executed by a consortium between Oxfam Novib and Hivos.

## **On the Voice Linking, Learning and Facilitation Grant**

The VOICE Programme, in its aim to "leave no one behind" hopes to provide grantees and relevant stakeholders with opportunities to talk, share and understand each other's work and views in safe and inclusive spaces where people can speak up and leave with new ideas through linking and learning activities.

Every country where Voice is implemented has a linking and learning organization. For the Philippines, it's YGOAL Inc. YGOAL Inc. is a social enterprise with a portion of its earning going back to its core purpose which is to provide free and quality services to youth-led and youth-serving organizations in the country. YGOAL provides the following consultancy services: (1) program design (2) training and development (3) impact assessment and (4) human resource support.

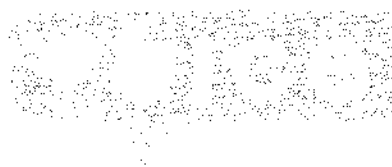

## **On the Voice Philippines Communities of Stakeholders (CoS)**

The Community of Stakeholders (CoS) is a co-created space that aspires to enable target groups and their organizations and networks to meet with other local actors and have direct involvement in the national Voice programing and learning.

The Community of Stakeholders also aims to achieve the following objectives:

- Create a space where grantees and relevant stakeholders meet and exchange insights;
- Open opportunities for partnerships to sustain advocacy in a win-win perspective by establishing common grounds/synergies;
- Gather feedback that provides insights on the following questions:
  - Are we leaving anyone behind?
  - Are we reaching the right group?
  - Do we have the right foresight for Voice as a grant-giving program?
