I am endorsing this
letter to you for your
favorable action.
Thank & regards*

Dear Sir,

Greetings!

February 14 is only a month away and many of our young people are fantasized by the nice love scenes they follow on different media sources. As a result, many of our students try to imitate out of curiosity which most of the time end in early pregnancies before they finished their education.

As a preventive remedy, I invite a friend of mine who for two decades have dealt with the issue successfully and is willing to come and help.

In his behalf, I would like to ask your favorable endorsement to the provincial DepEd School Superintendent/Head to allow us conduct such seminar specifically to **Siaton National High School, Siaton Science High School, Sumaliring High School, Candugay High School, and NORSU Siaton Campus**. This we have arranged to do in between January 28 – February 1 of 2019 as the school head would allow us.

Attached with this letter is a letter and profile of the said visitor who will conduct the seminar.

May you count this as our humble contribution to our community as we partner with you in this concern.

God Bless you, your family and our beloved Province.

Sincerely Yours,

D. Samson

June 12, 2018

Dear _____,

Christian greetings.

We are living in the last days, and with it, we are facing the changing morality through the changing times. The youth generation is now exposed to different levels of temptations and attacks through the use of technology, internet and media. Bad influences are widespread and have drastically affected the lifestyles, attitude and well-being of our youth. Many are engaging in pre-marital sex, immorality and even became victims of teenage pregnancy. Thus, it forces them to stop schooling, destroying their plans and their future and only left with a slim chance for survival and success.

In this regard, I would like to present "Walang Forever" Seminar to educate and inform your students about the dangers of premarital sex and the lasting physical, emotional, social and spiritual consequences it will bring. Through this seminar, your students will also be taught how to resist sexual temptations through the inculcation of biblical values and to be able to make personal commitments to stay pure until they find their right partners and build a healthy home.

May this proposal merit your favorable response regarding this seminar. Thank you so much for your continued commitment in nation-building by educating and enhancing the youth generation. Attached are the Seminar rationale, objectives and background of the speaker. God bless you.

Sincerely yours,

Pastor Aster P. Dedoroy
Speaker/Lecturer
